on Site will be sold in the Block to VIII. The

Trust Bd has to be advised to provide water

facilities to those house constructed in Block VIII

as there will be a long way in developing the

the intermediate blocks very quickly

Dy

(Contd.)

Water Supply is being given now. There is no trouble about that. The only point is that it is on a non domestic basis. But that cannot be helped for the reasons mentioned by the Chairman. The Chairman may be asked to issue a suitable endorsement

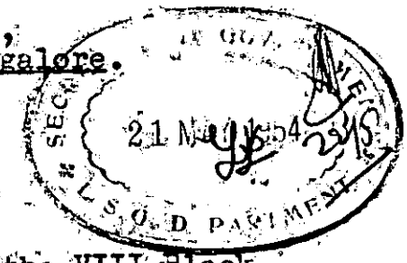
Legislative 20/5/54

To

Hon'ble The Chief Minister,
Government of Mysore,
Bangalore.



Respected Sir,

We, the undersigned residents of the VIII Block, Jayanagar Extension, Bangalore City, beg to represent that though in pursuance of gracious orders water has been charged in some of the pipe lines, we are unable to make use of it as we are forbidden to take connection on domestic basis though this is contemplated under the Trust Board Act.

Pending assessing the houses, we request, that orders of Government may be kindly issued to permit us to take connection on domestic basis only, and that if this should take time to order a few public fountains to be put up in the area.

We pray for immediate orders, as, though there is water in pipes there is not a drop to drink.

Bangalore.
Dated 20-5-1954.

Yours faithfully,

J. R. Ranjimdas Shetty (644)

Subject:- Water Supply to Block VIII of Jayanagar Extension.

With reference to your letter No.L.2364 dated 8-6-54 requesting to furnish the opinion of the Board on the above subject, I write to state that as already reported in this Office letter of even number dated 16-3-54 arrangements have been made to give water supply in all blocks of Jayanagar Extension from 22-2-54 on non-domestic basis. This matter was made known to all allottees of sites in Jayanagar Extension through Press, and also by beat of tom-tom in the area. Water Supply at present cannot be given on domestic basis since the sites in the area are beyond Corporation limits and also not assessed and water supply rules do not permit the connection on domestic basis. By taking on non-domestic basis, the Party has to pay for every gallon of water consumed but at the same time he is free from assessment. Hence it will not be a burden on the part of the site-owner. Regarding Public Fountains, it can be installed - provided the building owners undertake to pay pro-rata Water charges and also agree to see to the safety of the fountain.

Yours faithfully,

(R. Madhavan)
Chairman.
